Information for parents/carers regarding mid-year communication

Dear Parents and Carers,

In response to the unusual school situation of 2020 that has included Learning at Home, there have been changes to the regular reporting processes.

The requirement to report A-E has been removed and the timeline to communicate with parents/carers is extended until the end of July.

In line with guidelines from the Department of Education mid-year communication will provide an insight into your child's progress so far this year in the key learning areas of English and Mathematics.

The communication will indicate your child's progress against the standard expected for their year level and shall include areas for future focus. It will also include a focus on your child's general wellbeing at school.

Parents/carers will receive this communication through a phone call.

Should you have any queries about your child's learning progress please do not hesitate to contact the school or your child's teacher.
